

'Honed Drifting Sand' Himalayan Quartz

Appearance	Soft look with a medium amount of variation in colour from tile to tile. Shows some vein in the surface.
Properties	Hard. Medium porosity which makes it susceptible to marking. Cool underfoot. Slip resistant. Minimal thickness variation. Cuts well.
Maintenance	Seal with penetrating sealer to make cleaning easier and reduce the effect of salt attack. Do not use strong acid to clean.
Pricing	Economical – comparable to concrete, grey granite, sandstone and porcelain.
Profile options	Tiles, bullnose edge, square edge.

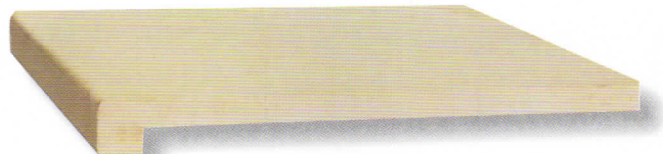

Bullnose - 400 x 230 x 20mm
 - 400 x 400 x 20mm
 - 400 x 400 x 35mm

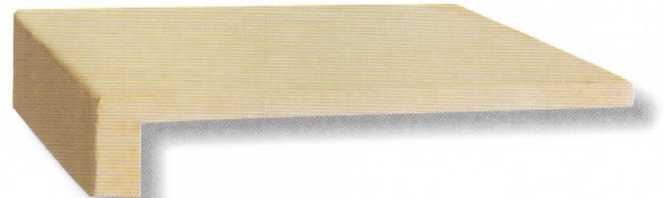

Rebated Bullnose - 400 x 400 x 40 / 20mm
 - 600 x 400 x 40 / 20mm

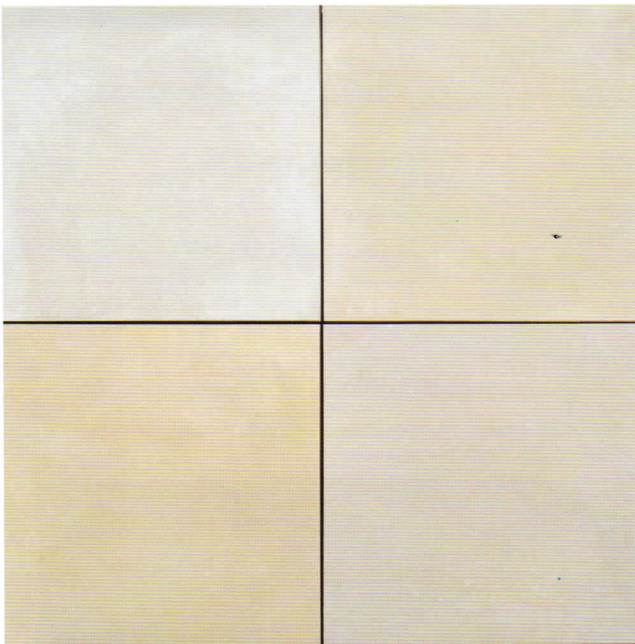

Rebated Square Edge - 400 x 400 x 40 / 20mm
 - 600 x 400 x 40 / 20mm

Rebated Square Edge - 400 x 400 x 100 / 20mm

Tile - 400 x 400 x 15mm / 600 x 600 x 15mm & 35mm

Custom Orders:

Other sizes available - allow 10 - 12 weeks from order.

Photo illustrates typical shade variations and imperfections found in all natural stone tiles.

Rebated Square Edge 400 x 400 x 40/20mm has been used on the coping of this pool. The matching 400 x 400 x 15mm tiles have been used for the surround paving.
