

'Honey' Granite

Appearance	Modern, medium amount of variation from tile to tile and may display veining. Contains a small amount of mica which sparkles in the sunlight.
Properties	Dense and durable, makes it strong and less likely to stain. Cool underfoot. Slip resistant. Accurately sized, cuts well and is easy to lay.
Maintenance	Minimal. Seal with penetrating sealer to make cleaning easier. The surface can get brown marks on it early in its life. This is easily removed and will not continue past the short term.
Pricing	Mid range - slightly higher than grey granite, concrete, sandstone and porcelain.
Profile options	Tiles, bullnose edge, square edge, grate.
