

# silver Marble

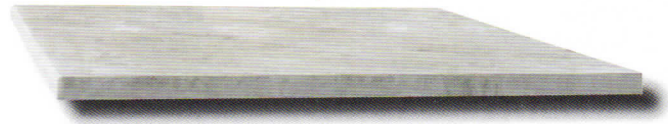

|                           |  |
|---------------------------|--|
| Appearance                | Soft luxurious look with a medium amount of variation in colour from tile to tile. Shows some vein in the surface.   |
| Properties                | Hard and dense. Natural colour variation hides marks. Cool underfoot. Moderate slip resistance. Minimal thickness variation. Accurately sized, cuts well and is easy to lay. |
| Maintenance               | Requires sealing. Seal with penetrating sealer to make cleaning easier. Use pH neutral cleaners. Do not use acid to clean.   |
| Pricing                   | Upper price range – higher than granite, concrete, travertine, limestone, sandstone and porcelain.   |
| Profile sizes and options | Tiles, bullnose, square edge coping, French Pattern.   |
